## Back:

### **Lambeth Mutual Aid**

#### **We are:**

**Lambeth residents who believe in supporting our neighbours.** We know that 30% of people in the borough live in extreme poverty, alongside people who are financially secure – even wealthy! We want to support each other to find a fairer balance, especially as food and fuel prices rise.

#### **The Solidarity Fund is:**

**a simple way of sharing money between neighbours.** Each month we give people up to £50 towards their living costs. Prices are rising for everyone – but for people who are on Universal Credit, have precarious jobs, or have No Recourse to Public Funds, the situation is much, much worse. The Solidarity Fund enables those with a little spare money to help neighbours who might be struggling.

**You can:**

**help by donating to the fund!** Whether you have £1 to spare or £1000, everything you give will support our neighbours. We're not a charity, we are volunteering our time and working with accountability and dedication, because we believe in doing what we can to make our corner of the world a bit more fair.

**join us on the first Saturday of every month** for our open meeting and coffee morning at Advocacy Academy, 5-7 Vining Street, SW9 8QA.
